Do you think we'll need something in DD on the fire?

Subject: Echo on-call team: Expecting some level of EOC activation for Dixie Fire

No details at this time. We'll send a note to the entire team at some point this afternoon.

Current status: Fire is at 1,200 acres in Feather River Canyon in Butte/Plumas County. 0% containment. Approximately 11,000 customers out after a circuit tripped, likely due to heavy smoke in the area.
